

The HEC-C examination is administered via computer throughout the 1-month testing window, May 1–31, 2021.

The examination application deadline is March 10, 2021. Late applications with a late fee will be accepted on or before March 25, 2021. Applications for the May 2021 testing window will not be accepted after March 25, 2021.

COMPLETING THE APPLICATION

1. Review the [HEC-C Examination Candidate Handbook](#) prior to completing the application. Follow the instructions given, and address any questions to the Healthcare Ethics Consultation (HCEC) Certification Commission at 847.375.4745 or cert@asbh.org. Failure to follow the instructions can lead to the denial of an application.
2. Review the [eligibility requirements](#). DO NOT submit an application before you have satisfied all eligibility requirements.
3. Download the application. The application is available as a pdf at www.asbh.org. Please download the application, complete it electronically, and save it.
4. Upload the application and complete the payment.
 - a. Once you have completed the application, go to www.asbh.org and access your account (“My Account”) from the membership menu. Note: If you are a current or former ASBH member, have attended a meeting, or have purchased a product, you already have an ASBH online account. If you do not recall your user name or password, please call 847.375.4745 or e-mail info@asbh.org for assistance. If you do not have an account associated with ASBH, you will be asked to set up a free account.
 - b. Once you have accessed your account, click on “HEC-C Application” (left-side menu), and then click on the button “Add a New Document” to upload the application.
 - c. Click on “Pay Now” to complete the payment.
 - d. Your application is not considered complete until it has been uploaded and payment has been received by ASBH.

CLINICAL HEALTHCARE ETHICS CONSULTING EXPERIENCE

Candidates must have at least 400 hours of demonstrated clinical ethics experience related to the major domain areas of the HEC-C Program content outline within the previous 4 years. In this application you will first document your accumulated experience by selecting the HEC-C content outline domain(s) and task(s) that best describe the healthcare ethics consultation work you have performed during the previous 4 years. Then you must provide the requested information for each professional position you have held during the previous 4 years involving your experience related to the HEC-C content outline.

HEC-C CONTENT OUTLINE

Your 400 hours should relate to Assessment, Analysis, Process, or Evaluation and Quality Improvement activities. Visit <https://heccertification.org/preparation/content-outline> for information on the development of the content outline and examples of the types of activities that can be counted toward the 400 hours of clinical healthcare ethics consulting. Please select the HEC-C content outline domain(s) and task(s) that best describe the healthcare ethics consultation work you have performed **during the previous 4 years.**

Note: Candidates do not need to demonstrate experience in all domains and tasks to be eligible. Please indicate all that apply across each clinical ethics position listed in the Professional Position(s) section:

Assessment

- Gather and discern factual information relevant to the case (e.g., clinical, psychosocial, spiritual, institutional, legal).
- Assess the social and interpersonal dynamics of those involved in the consultation (e.g., power relations, racial, ethnic, cultural).
- Distinguish the ethical dimensions of the consultation from other dimensions (e.g., legal, institutional, medical).
- Elicit the moral views of those involved in the consultation.
- Identify relevant assumptions, beliefs, values, and interests of those involved.
- Identify the ethical concerns and the central ethical questions.
- Identify your own relevant experiences, values, and intuitions and how these might influence the consultation.

Analysis

- Evaluate and apply relevant healthcare ethics information (e.g., law, institutional policy, professional codes, and formal guidance).
- Clarify relevant ethical issues (e.g., confidentiality, privacy, informed consent, best interest, professional duties).
- Identify a range of ethically acceptable options and their consequences.
- Evaluate evidence and arguments for and against different options.
- Offer recommendations.

Process

- Create a respectful and trusting environment.
- Promote respect for diversity.
- Establish realistic expectations about the consultation process.
- Determine whether a particular request will involve only the healthcare ethics consultant service or is appropriate for joint effort.
- Facilitate effective communication among all parties.
- Identify who should be involved in a consultation (e.g., patient, healthcare professionals, family members).
- Collaborate with other responsible persons, departments, or divisions within the institution.

- Facilitate formal meetings (e.g., clarifying participants' roles, identifying the goal, establishing expectations and confidentiality).
- Educate involved parties about the ethical dimensions of the consultation.
- Recognize and attend to relational barriers to communication (e.g., suffering, moral distress, strong emotions).
- Represent the views of the involved parties to others.
- Identify underlying systems issues and bring them to the attention of the appropriate institutional resource for handling such concerns at the appropriate level.
- Document consultations in internal healthcare ethics consultation service records.
- Document consultations in patient health records.
- Summarize and communicate documentation to relevant parties.
- Identify the need for, establish the timeline for, and complete follow-up activities.
- Provide informal guidance or sounding-board (e.g., "curbside" consultation).
- Use institutional structures and resources to facilitate implementation of recommendations.

Evaluation and Quality Improvement

- Obtain feedback from persons involved in ethics consultations.
- Use criteria to evaluate ethics consultation outcomes (e.g., satisfaction, conflict resolution, knowledge acquisition).
- Ensure systematic recording of ethics consultation data.
- Use data to analyze structural or systemic barriers to effective consultation process.
- Use data to analyze structural or systemic obstacles to excellent care that may have contributed to the need for the consultation.
- Identify patterns (e.g., frequently repeated consultations about the same issue or from the same unit or department).
- Consider the implications of outcomes of consultations for the wider organization, including its mission and ethical standards.
- Recommend policy and practice changes within the organization.
