FAQ

Can I use My Schedule from the conference platform to fill out evaluations?

- Unfortunately, the two systems do not sync. However, if you saved the sessions in **My Schedule** in the conference platform, you can download a PDF or CSV Spreadsheet. This can be used to help you easily find and select the sessions you attended in the Evaluation platform.

When I login to the Evaluation platform it says “Attendance Only” but I am looking to receive credit, what do I do?

- Reach out to info@asbh.org or 847.375.4745 to add onto your existing conference registration or ensure that your purchase of credit was processed properly.
- After December 31, 2022, you will be unable to add continuing education credit to your existing registration.

I just added CE to my existing registration, why doesn't it show up on the platform?

- If you recently added CE credit to your registration, it may not appear on the portal right away. If it does not appear on the platform after 24 hours, please reach out to info@asbh.org.

I cannot find a session, why isn't it listed in the platform?

- You can only complete evaluations for sessions that are eligible to offer CE credit. If the session is not listed, that session does not qualify for credit or has not opted to offer credit.
- Some affinity group meetings and all sponsored sessions do not qualify for continuing education credit.

Why can't I evaluate more than one session per timeslot?

- We can only offer continuing education credit for sessions that have been attended in full. As such, you can only evaluate one session per timeslot.

Can I get both attendance and CE certificates?

- No, you will either receive an attendance-only certificate or a CE certificate depending on whether you purchased credit. The attendance-only certificate will list the dates of the event, while the CE certificate will list the dates as well as the total number of hours/sessions attended.

I don't remember seeing this speaker. Why are they listed on this evaluation?

- The schedule and speakers are accurate to the schedule as of October 20. Last-minute schedule changes may not be reflected in the evaluation. If the speaker did not present or a session did not occur as scheduled, do not evaluate that speaker/session.

Important Dates:

- October 29, 2022: All evaluations are now available on the evaluation portal.
- December 31, 2022: Last day to add CE credit onto your registration
- December 31, 2022: Last day to claim CE credit
